

Spider Hill Prop Works BK-1 or KIT-2

(Single Spine Version – approx. 6 feet tall)

Parts Included:

- (9) SJ-1 Spider Joints
- (2) UMB-2 Universal Mounting Bases
- (1) 1" to 1/2" reducer bushing
- (1) 4" piece of 1/2" schedule 40 PVC pipe
- (1) 1" schedule 40 PVC cross fitting
- (1) 1" schedule 40 PVC Tee fitting
- (11) Feet of 1" schedule 40 PVC pipe (included in BK-1 only)
- (30) #10 x 5/8" Self Drilling Screws

Materials Needed:

- Foam wig head (needed for both kits)
- (11) Feet of 1" Schedule 40 PVC pipe (required for KIT-2 only)
- Plywood base approx. 24" x 15" x 3/4" (needed for both kits)

Cut List:

- A) Neck:** (1) 4" piece of 1/2" pipe
- B) Spine:** (2) 7 1/2" pieces of 1" pipe
- C) Shoulders:** (2) 6" pieces of 1" pipe
- D) Upper Arms:** (2) 10" pieces of 1" pipe
- E) Forearms:** (2) 10" pieces of 1" pipe
- F) Hips:** (2) 2 1/2" pieces of 1" pipe
- G) Femurs:** (2) 12" pieces of 1" pipe
- H) Tibias:** (2) 18" pieces of 1" pipe

Helpful Hints:

Do not over tighten the self-drilling screws! Start with a drill, complete final tightening by hand.

Place the screws in the middle of the SJ-1 slots to allow the most adjustment in either direction.

Heavier loads may require a second screw to prevent slippage.
